[Apply Now](#)

Company: TE Connectivity

Location: Hermosillo

Category: computer-and-mathematical

At TE, you will unleash your potential working with people from diverse backgrounds and industries to create a safer, sustainable and more connected world.

### **Job Overview**

Responsible for providing financial support and performance analysis to the global/regional operations and plant management teams. The role requires an exceptional business partner to drive organizational success through the development and execution of financial strategies. Key responsibilities include managing a team of operational financial analysts/plant controllers, consolidation and analysis of actual results/forecasts/budgets, conducting monthly plant reviews, product/conversion/material productivity analysis, driving freight/inventory reductions, and supporting capital investments. The position also requires coordination with the regional/global BU supply chain team.

### **What your background should look like:**

Bachelor's Degree in Finance or Accounting required.

Master's Degree / MBA preferred.

3-5 years in a Manufacturing Environment.

Strong analytical skills.

Ability to interact effectively with all levels of the organization.

Excellent interpersonal and communication skills.

Proficient with Microsoft Office Package, especially Excel & VBA & SAP are a plus.

Experience working in a manufacturing environment.

Good understanding of financial analysis, financial modeling, forecasting, reporting, and manufacturing costing.

Understanding of standard costing, variance analysis, manufacturing, procurement, and other supply chain matters.

### Competencies

Values: Integrity, Accountability, Inclusion, Innovation, Teamwork
