

Product Owner – MEXICO – Financial Services

[Apply Now](#)

Company: Fut-ure Recruitment and Technology

Location: Mexico

Category: other-general

Currently we are looking for Product Owner to work in a popular Financial Services company with headquarters in Frankfurt (Main).

Responsibilities:

Creation, maintenance and prioritization of product backlogs (epics and stories)

Application of agile methods in requirements engineering e.g. story and impact mapping

Acceptance of the features at the end of the sprints

Responsible for the quality assurance of the releases

Coordination with other IT service units

Close cooperation with the business unit manager and other stakeholders

Participation in the definition and implementation of the product vision and strategy

Requirements:

basic technical understanding of how an agile development team works

Degree in computer science and several years of professional experience as software engineer

Work experience as Product Owner or Product Manager

Experience with DevOps, the deployment (CI/CD) and operation (monitoring, security) of applications and systems

Experience in the field of network and information security is an advantage

Affinity to the topic of security

Knowledge of process automation, IoT and agility would be an advantage

Enjoy agile methods and cross-location teamwork

Quick comprehension, solution-oriented and independent working method

Sounds like you or would like to get more information?
